

LABORERS' & MECHANICS' MINIMUM RATES OF PAY

Effective September 1, 1999

Title 36. Public Contracts
AS 36.05.010 & AS 36.10.990

Wage & Hour Administration Pamphlet No. 600
State of Alaska, Department of Labor & Workforce Development
Tony Knowles, Governor

September 1, 1999

ALL CONTRACTING AGENCIES

This is a copy of the prevailing wage rates that become effective September 1, 1999.

All projects with a final bid date of September 11, 1999, or later, must pay the prevailing wage rates contained in this pamphlet. As the law now provides, these rates will be stable for a two-year period or the life of the project, whichever is shorter. If a higher federal rate is required due to partial federal funding or other federal participation, the higher rate must be paid.

Upon expiration of the initial 24-month period, if new wage rates have been issued by the Department, the latest wage rates issued shall become effective for a subsequent 24-month period or until the original contract is completed, whichever occurs first. This process shall be repeated until the original contract is completed.

The term "original" contract as used herein means the signed contract that resulted from the original bid and any amendments, including change of work scope, additions, extensions, change orders, etc., agreed to by the parties who have not been subject to subsequent open bid procedures.

For additional copies of the pamphlet, contact the nearest office of the Division of Labor Standards and Safety, Wage and Hour Administration or visit the internet site at <http://www.labor.state.ak.us/lss/pamp600.htm>.

Ed Flanagan
Commissioner

ALASKA LAW STATES, IN PART:

Sec. 36.05.010. Wage rates on public construction. A contractor or subcontractor who performs work on public construction in the state, as defined by AS 36.95.010, shall pay not less than the current prevailing rate of wages for work of a similar nature in the region in which the work is done. The current prevailing rate of wages is that contained in the latest determination of prevailing rate of wages issued by the Department of Labor at least 10 days before the final date for submission of bids for the contract. The rate shall remain in effect for the life of the contract or for 24 calendar months, whichever is shorter. At the end of the initial 24-month period, if new wage determinations have been issued by the department, the latest wage determination shall become effective for the next 24-month period or until the contract is completed, whichever occurs first. This process shall be repeated until the contract is completed.

Sec. 36.05.040. Filing schedule of employees, wages paid, and other information.

All contractors or subcontractors who perform work on a public construction contract for the state or for a political subdivision of the state shall, before the Friday of each week, file with the Department of Labor a sworn affidavit for the previous week, setting out in detail the number of persons employed, wages paid, job classification of each employee, hours worked each day and week, and other information that the Department of Labor requires.

Sec. 36.05.060. Penalty for violation of this chapter. A contractor who violates this chapter is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$100 nor more than \$1,000, or by imprisonment for not less than 10 days nor more than 90 days, or by both. Each day a violation exists constitutes a separate offense.

Sec. 36.05.070. Wage rates in specifications and contracts for public works. (a) The advertised specifications for a public construction contract exceeding \$2,000 to which the state or a political subdivision of the state is a party that requires or involves the employment of mechanics, laborers, or field surveyors shall contain a provision stating the minimum wages to be paid various classes of laborers, mechanics, or field surveyors and that the rate of wages shall be adjusted to the wage rate under AS 36.05.010.

(b) Repealed by §17 ch 142 SLA 1972.

(c) A contract for public works in the state or a political subdivision shall contain provisions that

(1) the contractor or subcontractors of the contractor shall pay all employees unconditionally and not less than once a week;

(2) wages may not be less than those stated in the advertised specifications, regardless of the contractual relationship between the contractor or subcontractors and laborers, mechanics, or field surveyors;

(3) the scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work;

(4) the state or a political subdivision shall withhold so much of the accrued payments as is necessary to pay to laborers, mechanics, or field surveyors employed by the contractor or subcontractors the difference between

(A) the rates of wages required by the contract to be paid laborers, mechanics, or field surveyors on the work, and

(B) the rates of wages in fact received by laborers, mechanics, or field surveyors.

Sec. 36.05.080. Failure to pay agreed wages. Every contract within the scope of AS 36.05.070 shall contain a provision that if it is found that a laborer, mechanic, or field surveyor employed by the contractor or subcontractor has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid, the state or its political subdivision may, by written notice to the contractor, terminate the contractor's right to proceed with the work or the part of the work for which there is a failure to pay the required wages and to prosecute the work to completion by contract or otherwise, and the contractor and the contractor's sureties are liable to the state or its political subdivision for excess costs for completing the work.

Sec. 36.05.090. Payment of wages from withheld payments and listing contractors who violate contracts. (a) The state disbursing officer in the case of a state contract and the local fiscal officer in the case of a political subdivision contract shall pay directly to laborers, mechanics, or field surveyors from accrued payments withheld under the terms of the contract the wages due laborers, mechanics, or field surveyors under AS 36.05.070.

(b)The state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees. A person appearing on this list and a firm, corporation, partnership, or association in which the person has an interest may not work as a contractor or subcontractor on a public construction contract for the state or a political subdivision of the state until three years after the date of publication of the list. If the accrued payments withheld under the contract are insufficient to reimburse all the laborers, mechanics, or field surveyors with respect to whom there has been a failure to pay the wages required under AS 36.05.070, the laborers, mechanics, or field surveyors have the right of action or intervention or both against the contractor and the contractor's sureties conferred by law upon persons furnishing labor or materials, and in the proceedings it is not a defense that the laborers, mechanics, or field surveyors accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.

ADDITIONAL INFORMATION

APPRENTICE RATES: Apprentice rates at less than the above minimum prevailing rates may be paid apprentices according to an apprentice program which has been registered and approved by the Commissioner of Labor and Workforce Development in writing, or according to a bona fide apprenticeship program registered with the Bureau of Apprenticeship and Training, United States Department of Labor. **Any employee listed on a payroll at an apprentice wage rate who is not registered as above shall be paid the journeyman prevailing minimum wage in that work classification.** Wage rates are based on prevailing crew makeup practices in Alaska and apply to work performed regardless of either the quality of the work performed by the employee or the titles or classifications which may be assigned to individual employees.

SPECIAL PREVAILING WAGE RATE DETERMINATION: Special prevailing wage rate determinations may be requested for special projects or special worker classification if the work to be performed does not conform to traditional public construction for which a prevailing wage rate has been established under 8 AAC 30.050 (a) of this section. Requests for special wage rate determinations must be in writing and filed with the Commissioner at least 30 days before the award of the contract. An applicant for a special wage rate determination shall have the responsibility to support the necessity for the special rate. An application for special wage rate determination filed under this section must contain:

- (1) a specification of the contract or project on which the special rates will apply and a description of the work to be performed;
- (2) a brief narrative explaining why special wage rates are necessary;
- (3) the job class or classes involved;
- (4) the special wage rates the applicant is requesting, including survey or other relevant wage data to support the requested rates;
- (5) the approximate number of employees who will be affected; and
- (6) any other information which might be helpful in determining if special wage rates are appropriate.

Requests made pursuant to the above will be addressed to:

Commissioner
Alaska Department of Labor & Workforce Development
Labor Standards & Safety Division
Wage & Hour Administration
P.O. Box 107021
Anchorage, Alaska 99510-7021

EMPLOYMENT PREFERENCE

AS 36.10. By authority of AS 36.10.150 and 8 AAC 30.064, the Commissioner of Labor has determined the entire State of Alaska to be a Zone of Underemployment. A Zone of Underemployment requires that qualified Alaskan residents who are eligible under AS 36.10.140 be given employment preference. This hiring preference applies on a project-by-project, craft-by-craft or occupational basis, and must be met each workweek. 8 AAC 30.081 (e) and (f) contains a waiver provision for employers having difficulty fulfilling the preference requirement. Waiver forms are available at Regional Wage and Hour Administration offices.

The following classifications qualify for a minimum of 90% Alaska resident hire preference:

Boilermakers	Bricklayers	Carpenters	Cement Masons
Culinary Workers	Electricians	Equipment Operators	Insulation Workers
Ironworkers	Laborers	Mechanics	Painters
Pile Drivers	Plumbers & Pipefitters	Roofers	Sheetmetal Workers
Truck Drivers	Welders		

This determination became effective July 1, 1999 and remains in effect until June 30, 2001.

Please be advised that most public contracts are covered. Funding sources are unique for every project. The inclusion of Federal funds does not necessarily remove a project from jurisdiction. If there is any uncertainty about whether or not the law applies to a particular project, the Department requests that you contact the regional office nearest you for a determination.

**LABOR STANDARDS REGULATIONS
NOTICE REQUEST**

If you would like to receive *notices of proposed changes to regulations* for Wage & Hour or Mechanical Inspection, please indicate below which programs you are interested in receiving such notices for, print your name and mailing address in the space provided, and mail this page to:

Wage and Hour Administration
P.O. Box 107021
Anchorage, Alaska 99510-7021

For *REGULATIONS* information relating to any of the following:

- Wage & Hour Title 23 Employment Practices

DEBARMENT LIST

AS. 36.05.090 (b) states that “the state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees. A person appearing on this list and a firm, corporation, partnership or association in which the person has an interest may not work as a contractor or subcontractor on a public construction contract for the state or a political subdivision of the state until three years after the date of publication of the list.”

The following persons, firms, corporations, partnerships or associations have been debarred by the Department of Labor and are prohibited from working on public contracts for three (3) years from the date of debarment.

X1501	Journeyman Plumber	28.09	2.65	5.75	.40			36.89
POWER EQUIPMENT OPERATORS								
A1601	Group I, including: Asphalt Roller Back Filler Barrier Machine (Zipper) Batch Plant Operator, (batch & mixer over 200 yards per hour) Beltcrete with Power Pack & similar conveyors Bending Machine Boat Coxwain Bulldozer Cableways, Highlines & Cablecars Cleaning Machine Coating Machine Cranes (45 tons & under or 150 feet) of boom & under, (including jib & attachments)	29.72	4.00	4.00	.45			38.17

CLASS CODE	CLASSIFICATION OF LABORERS & MECHANICS	WAGES AND BENEFITS EFFECTIVE SEPTEMBER 1, 1999					
		BASIC HOURLY RATE	FRINGE BENEFIT PAYMENTS			TOTAL S.T. RATE	
			HEALTH/WELFARE	PENSION	TRAIN'G		OTHER BENEFITS
A1601	POWER EQUIPMENT OPERATORS (continued) Group I, including: (a) Shovels, Backhoes, Draglines, Clamshells, Gradalls (3 yards & under) (b) Hydralifts or Transporters, (all track or truck type) (c) Derricks Crushers Deck Winches, Double Drum Ditching or Trenching Machine (16 inch or over) Drilling Machines, Core, Cable, Rotary Exploration Finishing Machine Operator, Concrete Paving, Laser Screed, Sidewalk, Curb & Gutter Machine Helicopters Hydro Ax, Feller Buncher & similar Loaders: (a) Forklifts (with power boom & swing attachment) (b) Overhead & Front End, (2-1/2 yards through 5 yards) (c) Loaders, (with forks or pipe clamp) (d) Loaders, (elevating belt type, Euclid & similar types) Mechanic, Welder, Bodyman, Electrical, Camp & Maintenance Engineer Micro Tunneling Machine Mixers: Mobile type with hoist combination Motor Patrol Grader Mucking Machine: Mole, Tunnel Drill, Horizontal/Directional Drill Operator and/or Shield Operator on Dredges Piledriver Engineer L.B. Foster Puller or similar paving breaker Power Plant Turbine Operator 200 k.w & over (power plants or combination of power units over 300 k.w.) Sauerman-Bagley Scraper (through 40 yards) Sideboom (under 45 tons) Shot Blast Machine Spreaders, Blaw Knox, Cedarapids, Barb Greene, Screed, Slurry Machine Sub Grader (Gurries, C.M.I. & C.M.I. Mills & similar types) Tack Tractor Truck Mounted Concrete Pump, Conveyor & Creter Wate Kote Machine Hover Craft, Flex Craft, Loadmaster, Air Cushion, All-Terrain Vehicle, Rollagon Bargecable, Nodwell Sno Cat	29.72	4.00	4.00	.45		38.17
A1602	Group IA, including: Camera/Tool/Video Operator (Slipline) Cranes (over 45 tons or 150 feet including jib & attachments) (a) Shovels, Backhoes, Draglines, Clamshells (over 3 yards) (b) Tower Cranes, Loaders (over 5 yards) Motor Patrol Grader (finish: when finishing to final grade and/or to hubs, or for asphalt) Power Plants (1000 k.w. & over)	31.26	4.00	4.00	.45		39.71

CLASS CODE	CLASSIFICATION OF LABORERS & MECHANICS	WAGES AND BENEFITS EFFECTIVE SEPTEMBER 1, 1999					
		BASIC HOURLY RATE	FRINGE BENEFIT PAYMENTS			TOTAL S.T. RATE	
			HEALTH/WELFARE	PENSION	TRAIN'G		OTHER BENEFITS
	POWER EQUIPMENT OPERATORS (continued)						
A1602	Group IA, including: Quad Sidebooms (over 45 tons) Slip Form Paver, C.M.I. & similar types Scrapers (over 40 yards)	31.26	4.00	4.00	.45		39.71
A1603	Group II, including: Batch Plant Operator (batch & mixer 200 yards per hour & under) Boiler - Fireman Cement Hogs & Concrete Pump Operator Conveyors (except those listed in Group I) Hoists on Steel Erection, Towermobiles & Air Tuggers Horizontal/Directional Drill Locator Licensed Grade Technician Loaders, Elevating Grader, Dumor & similar Locomotives, Rod & Geared Engines Mixers Screening, Washing Plant Service Oiler/Service Engineer Sideboom (cradling rock drill, regardless of size) Skidder Trenching Machines (under 16 inches)	29.05	4.00	4.00	.45		37.50
A1604	Group III, including: "A" Frame Trucks, Deck Winches, (single power drum) Bombardier (tack or tow rig) Boring Machine Brooms, Power Bump Cutter Compressor Farm Tractor Forklift, Industrial Type Gin Truck or Winch Truck (with poles when used for hoisting) Grade Checker & Stake Hopper Hoists, Air Tuggers, Elevators Loaders: (a) Elevating-Athey, Barber Greene & similar types (b) Forklifts or Lumber Carrier (on construction job sites) (c) Forklifts, (with Tower) (d) Overhead & Front End, (under 2-1/2 yards) Locomotives: Dinkey (air, steam, gas & electric) Speeders Mechanics, Light Duty Mixers, (concrete mixers & batch 200 yards per hour & under) Oil, Blower Distribution Posthole Digger, Mechanical Pot Fireman (power agitated) Power Plant, Turbine Operator, (under 300 k.w.) Pumps, Water Rig Oiler/Assistant Engineer, (over 45 tons, over 3 yards or over 150 foot boom) Rollers, (other than Plantmix) Saws, Concrete Straightening Machine Tow Tractor	28.42	4.00	4.00	.45		36.87

CLASS CODE	CLASSIFICATION OF LABORERS & MECHANICS	WAGES AND BENEFITS EFFECTIVE SEPTEMBER 1, 1999					
		BASIC HOURLY RATE	FRINGE BENEFIT PAYMENTS			TOTAL S.T. RATE	
			HEALTH/WELFARE	PENSION	TRAIN'G		OTHER BENEFITS
POWER EQUIPMENT OPERATORS (continued)							
A1605	Group IV, including: Rig Oiler/Assistant Engineer (advances to Group III if over 45 tons or 3 yards or 150 foot boom) Parts & Equipment Coordinator Swamper (on trenching machines or shovel type equipment) Spotter Steam Cleaner Drill Helper	23.00	4.00	4.00	.45		31.45
ROOFERS, REGION I (North of N63 Latitude)							
N1701	Rofer & Waterproofer	28.60	2.65	6.29	.31		37.85
ROOFERS, REGION II (South of N63 Latitude)							
S1701	Rofer & Waterproofer	27.60	2.65	6.29	.31		36.85
SHEET METAL WORKERS, REG I (North of N63 Lat)							
N1801	Sheet Metal Journeyman	30.76	2.35	6.42	.62		40.15
SHEET METAL WORKERS, REG II (South of N63 Lat)							
S1801	Sheet Metal Journeyman	29.15	2.45	5.69	.53		37.82
SPRINKLER FITTERS							
A1901	Sprinkler Fitter	33.05	3.40	4.80	.20		41.45
SURVEYORS							
A2001	Chief of Parties	30.25	4.25	4.10	.50		39.10
A2002	Party Chief (including Office Tech & Line & Grade Technician)	29.20	4.25	4.10	.50		38.05
A2003	Associate Party Chief (including Instrument Person & Head Chain Person)	27.47	4.25	4.10	.50		36.32
A2005	Stake Hop/Grademan	25.09	4.25	4.10	.50		33.94
A2006	Chain Person (for crews with more than 2 people)	23.94	4.25	4.10	.50		32.79
TRUCK DRIVERS/SURVEYORS							
A2101	Group I including: Semi with Double Box Mixer Dump Trucks (including rockbuggy & trucks with pups) over 40 yards up to & including 60 yards Deltas, Commanders, Rollagons, & similar equipment when pulling sleds, trailers or similar equipment Boat Coxswain Ambulance/Fire Truck Driver (EMT Certified) Helicopter Transporter Lowboys (including attached trailers & jeeps, up to & including 12 axles) Ready-mix (over 12 yards up to & including 15 yards) Party Chief Office Technician Line & Grade Technician	29.20	4.25	4.10	.50		38.05
A2102	Group 1A including: Dump Trucks,(including rockbuggy & trucks with pups, over 60 yards up to & including 100 yards) Chief of Parties	30.25	4.25	4.10	.50		39.10

CLASS CODE	CLASSIFICATION OF LABORERS & MECHANICS	WAGES AND BENEFITS EFFECTIVE SEPTEMBER 1, 1999					
		BASIC HOURLY RATE	FRINGE BENEFIT PAYMENTS			TOTAL S.T. RATE	
			HEALTH/WELFARE	PENSION	TRAIN'G		OTHER BENEFITS
	TRUCK DRIVERS/SURVEYORS (continued)						
A2103	Group II including: Turn-O-Wagon or DW-10 (not self loading) All Delta's, Commanders, Rollagons, & similar equipment Mechanics Tireman, Heavy Duty Dump Trucks (including rockbuggy & trucks with pups, over 20 yards up to & including 40 yards) Lowboys (including attached trailers & jeeps up to & including 8 axles) Super Vac Truck/Cacasco Truck/Heat Stress Truck Ready-mix (over 7 yards up to & including 12 yards)	28.15	4.25	4.10	.50		37.00
A2104	Group III including: Dump Trucks (including rockbuggy & trucks with pups, over 10 yards up to & including 20 yards) Batch Trucks (8 yards & up) Oil Distributor Driver Water Wagon (when pulled by Euclid or similar type equipment) Partsman Associate Party Chief (including Instrument Person, Head Chain Person) Traffic Control Technician Thermal Plastic Layout Technician	27.47	4.25	4.10	.50		36.32
A2105	Group IV including: Air Cushion Buggymobile Semi or Truck & Trailer Dumpster Tireman, Light Duty Dump Trucks (including Rockbuggy & trucks with pups up to & including 10 yards) Track Truck Equipment Stringing Truck Fuel Truck, Fuel Handler with Truck Flat Beds, Dual Rear Axle Hyster Operators (handling bulk aggregate) Lumber Carrier Water Wagon, Semi Water Truck, Dual Axle Gin Pole Truck, Winch Truck, Wrecker (Flat Bed including "A" Frame manufactured rating over 5 tons) Bull Lift & Fork Lift, Fork Lift with Power Boom & Swing Attachment (over 5 tons) Front End Loader with Fork Bus Operator, (over 30 passengers) All Terrain Vehicle Boom Truck/Knuckle Truck (over 5 tons) Foam Distributor Truck Dual Axle Hydro Seeder, Dual Axle Vacuum Truck, Truck Vacuum Sweeper Loadmaster (air & water operations) Fire Truck/Ambulance Driver Compactor (when pulled by rubber tired equipment) Rigger (air/water/oilfield)	27.00	4.25	4.10	.50		35.85

CLASS CODE	CLASSIFICATION OF LABORERS & MECHANICS	WAGES AND BENEFITS EFFECTIVE SEPTEMBER 1, 1999
