Subject: Enforcement Procedures for the Occupational Exposure to the Bloodborne Pathogens Standard.

AKOSH (Alaska Occupational Safety & Health) Program Directive (PD) formally adopts the OSHA's most current CPL regarding Enforcement Procedures for the Occupational Exposure to Bloodborne Pathogens which is attached. This program directive cancels the previous PD #92-05. This instruction establishes policies and provides clarification to ensure uniform inspection procedures are followed when conducting inspections to enforce OSHA's Occupational Exposure to the Bloodborne Pathogens Standard.

This program directive is effective immediately. Please ensure that all members of your staff receive a copy of this program directive and understand how to implement it.
